## A Slump in Stocks After Several Days of Activity.

New York Tracilon Issues the Principal Points of Bear Attack-The Ruilway List Resists Well and Sugar and Tohnceo Shares Also Exhibit a Fair Degree of Strength.

NEW YORK, July 21.-After a well surtained advance extending over nevera days, the stock market today experienced a reaction that was looked for in conservative quarters yesterday. The reactionary movement was more notlecable in the local transportation shares and the spelocal transportation shares and the spe-cialties than in the railway shares, white in the industrial quarter of the market fraction: 186912, Misr call—Capital Traction: 186912, 06912 7-8; Morgenthal-er Linotype: 561883-8. there was a decided exhibition of strength in the Sugar and Tobacco stocks.

In spite of the bearish utterances of the morning from quarters which are always accorded more or less consideration by the speculative community, and a continu ance of the chaotic state of affairs it China, the market showed a very fair degree of resistance. Offsetting the column of pessimism regarding the trade future of

of pessimism regarding the trade future of this country, which air. Keene was responsible for, crop news was favorable, with the grain markets declining.

At home and abroad more hopeful views of the Chinese situation prevailed, although the London and Continental markets closed heavy. Strength was noted in the foreign exchange market, and the French figures pointed to the probability of shipments of gold to Paris on Thursday. The belief prevailed, however, that the amount going forward will not be large.

London's trading in this market was inconsiderable and not more than 10,000

London's trading in this market was in-considerable and not more than 10,000 shares were sold on balance. The market opened slightly irregular, with prices gen-erally higher, but with an absence of the buoyancy of yesterday. There was consid-erable profit taking and the most effective selling was in Baltimore and Ohio common, Brooklyn Rapid Transit, Manhattan, and Brooklyn Rapid Transit, Manhattan, and Tennessee Coal and Iron, and the steel stocks, with the declines extending from 1-2 to 2 1-4 points. London sold Baltimore and Ohio common, Southern Pacific, and Union Pacific. There was some adverse talk regarding the Baltimore and Ohio common dividend, but nothing definite.

The grangers were firm on covering of shorts and the improving crop reports. In the remainder of the list the declines were fractional, while the buying in the Sugar and Tobacco shares resulted in a sharp up-ward movement, particularly in American Tobacco. The buying of the latter was based on reports of a favorable forthcom-ing quarterly statement and of Sugar on improving relations with the wholesa'e Corectan

On the reaction commission bouses were on the reaction commission pouses were small buyers and there was covering by professional traders, who sold the market for a turning in the first half hour of bust-ness. The pools in Sugar and Tobasco were credited with marketing stock on the advance, cutting down the short interest that has existed in those stocks. During the past week there has been a steady decrease in bear commitments and it is likely that this interest is no smaller than it has been for some time. It seemed to illus-trate today rather forcibly the firmness

James R. Keene's Lendon interview was given out as being the reason for the carly decline in the market. The London market held at only a concession under vesterday's closing, and closed from 1-4 to 1-2 per cent below the opening. The Paris Bourse also closed heavy.

The points given out resterday to buy Tobacco reaped quite a harvest to those who placed any confidence in the information. The stock climbed from 94 to 98.

Parffic Mail has shown extreme activity and strength, and while yesterday recei-ing somewhat from the highest price, showed good buying on every recession.

The company now owns sixteen ships, and many of them will undoubtedly be used by the Government at a tremendous profit to the covporation, should it be necessary to use them in case other transportation fa

The huying of Manhattan was conspicu ously good, but there is considerable talk of its selling higher than it did in 1899. Within a few months the company will change its motive power to electricity, and operating expenses will be unquestionably decreased, and the guess follows that a distorted of 6 per cent may result in lus

Sugar sold up to 120 1-4, and the buy-ing was considered good. Of course, recesbeing the company has a practical monopoly of furnishing about 80 per cent of the sugar consumed in this country. Were it now for the unconfortable feeling which universally prevails during a Presidential year, we should say Sugar stock was destined for higher prices.

The board room traders are credited with having pressed Baltimore and Ohto The conservative houses in the street however, insist that on every recession is is one of the best stocks on the list to

Notwithstanding all the bull talk which runs full in sunny weather, the rates of exchange indicate a great likelihood of further gold exports. The big houses in the atrect, while they have probably lost commissions by not advising their customers to buy at present prices are setting. commissions by not advising their customers to buy at present prices, are getting a credit for conservatism which the experience of past years has taught them in the long run is worth as much as money paid for executing orders against a doubt. In the absence of receipts or offerings of

stability of the underwriting combina-o to take 2,500 shares of new stock, of-ed to the stockhoders at 12 was quite becoming offered at 12 1-8. The opinion seems to be prevalent that the Lamston Monotype Company seem to know what they are deing this time, and that all left-over stock will be satisfactor by placed.

The quotations for Gas stock, Mergenthater, and Lauston have gone down with the thermometer.

THE CHICAGO GRAIN MARKET.

ther Decline in Corn. the feature. The closing was at the low hat winds price of the clay. Liverpool was 1-24 lower; Paris \$1-2c lower. Primary receipts were about 100,000 bushels larger. "Haying has been interrupted, and the than last year's; clearances were light.

The corn States had another thorough wetting down over the night, a sufficient quantity to put an end, until this crop in yield in New York being better than ex-

the corn States had another thorough westing down over the night, a sufficient quantity to put an end, until this crop is made, to all further talk of dry weather.

"Generally there has been area further "Generally there has been area further "Generally there has been area further to the condition of cotton." It was enough to discourage any bull effort and brought out a good deal of liquidation. Prices has 13-5; and had very little recovery. Cables were off a tracuous caboard is reporting large exports, over seaboard is reporting large exports, over the business accomplished. 160 loads, but the business accomplished here was small. Cash bids were strong, but with Western offerings very small, and, with the elevator people pretty well caded up. little was available

Casts are comparatively steady, losing only I-ic. The outment millers continue the best buyers. There have been claims from lows today of damage from lows sant rain. Shipping demand continues about sufficient to take care of arrivals. Receipts, 187 cars, with only 75 for tomorrow.

The weakness in grain influenced rather free selling by longs in provisions. There was also some pressure from local bears. Packers absorbed the larger part of these offerings. The market held fairly steady offerings. The market held tairly stready and closed quiet at a small decline. The rish demand continues excellent, considerably in excess of the current manufacture, and the already light stocks here are decreasing steadily.

## CONDITION OF CROPS.

Weekly Summary Issued by the Department of Agriculture.

The Agricultural Department has is sued the following summary of crop conlitions for the week ending last night: "Rain is very generally needed in the Atlantic Coast districts north of Fiorida, the drought being quite severe in the Care linas, New Jersey, and portions of New England, while too much rain has fallen over portions of the central valleys, northern Texas, the central Gulf States, and northern Florida. Very favorable temperature conditions have prevailed during the week, except in the Midde Atlantic States, upper Missouri Valley, and over portions of Washington and Oregon, where unusual ly high temperatures have been detrimental to crops.

"While the condition of corn in Kausas and Nebraska has improved, the reports indicate that much of the early crop in portions of these States has been seriously injured by drought. In the other great corn States of the central valleys the crop has made rapid growth under highly favorable conditions. Throughout the Atlantic coast districts corn is generally in need of

and the completion of winter wheat har-vest where unfinished over the more northerly sections of the central valleys, but the conditions have been highly fa-vorable for harvesting in the Middle Atlantic States and on the north Pacific Coast, in the central valleys and lake region har-vesting and thrashing have not only been delayed, but rains have caused injury to grain in shock in portions of these dis-

Spring wheat harvest is in general progress in South Dakota and portions of Minnesota, and has begun in North Dakota. THE CHICAGO GRAIN MARKET. In South Dakota and Minnesota the crop
has made advancement, although excessive
rains and local hallstorms have caused some damage in southeastern South Da-CHICAGO, July 24.—Wheat was weak, tures have proved injurious, and in Oregon with Equidation by local professionals as and Washington the crop has suffered from

improvement in the condition of cotton, but the crop is suffering from drought in the Carolinas and from too much rain in portions of the central belt and portions of Texas. In the last maned State it has generally made rapid growth, being excetlent in places and poor in others. Shed-ding is reported from the greater part of the cutton belt and rust from the Essuern

has suffered for rain, late rains having im-proved the crop in Maryland. In the other tolar co sections the condition of the crop is promising.

"Camplaints of apples dropping continue

from many important apple States in the central valleys, as well as in New England and portions of the Middle Atlantic States. In New York the outlook confinues promising, and no abundant crop from northern Indiana and portions of Illinoi and Pennsylvania is indicated."

## SMALLPOX AT CAPE NOME. Accounts of Despuir and Suicide

An account of serious conditions at Nome City has been received in this city by the family of a former resident of Washington in a letter dated July 1 from Alaska. The writer describes the poor prospects for the gold hunters at the beach, their despair, which he alleges is the cause of numerou cases of self-destruction, and he adds that smallpox has broken out in the city to add to the horrors of the situation. The letter closes with an appeal for Government az

istance. It is in part as follows:
"We were thirty-three days out at sea, excepting two days spent at Dutch Har-bor. Several severe storms were expe-rienced, which our vessel, the Garonne, nobly withstood, and we landed one week ago today. The conditions here are see thing awful. The people, with their freight, occupy the beach for miles. Hundreds of thousands of dollars' worth of machinery will never be set up and millions will be

Claims located last year have been jumped. Claimants get injunctions and counter injunctions, and thus neither party car work the claims. Hundreds of people who have the money are leaving on every returning ship, thoroughly disgusted. Others, impelled by disappointment, take their own fives, and to add to the existing terrors smallpox has broken out in Nome, and if quarantined the little mining now going on will cease. The beach is not paying this year. It was worked over last year and this second washing is returning small pay to the worker. Much suffering is in-evitable to the vast number of people who came here with their little all expecting from the bright colored pictures printed in the papers to reap rich harvests and be-able to return home with their fortunes much improved, when the facts are that they will not be able to get home unless the United States authorities send them some means of escape from the Arctic winter before the freezing of the Behring Sea. This is a matter of vital import and those in authority should see that such

calamity to such a great number of her citizens be averted."

## HAPPANE WEAK WOON A Master at Work

## "CALTHOS"

Prof. Laborde's Marvelous French Cure for Lost Manhood.

FIVE DAYS' TRIAL TREATMENT Sent Absolutely Free by Sealed Mail To All Sufferers. NO G. O. D. OR DEPOSIT SCHEME.

The only preparation known to science which really cures Lost Manhood is "CALTHOS," the marve-ous French remedy discovered by Prof. Jales Laborde. It is controlled in this country by The Von Mohl Company, of Cincinnati, Ohio, a concern which occupies a high and honorable place in the world of medicine. It is one of the largest and most responsible houses in Cincinnati, as anyone who is acquainted in that city will testify.

anyone who is acquainted in that city will testify.

The Von Mohl Company invites all men scalering from Lost Manhood, Spermsforthera, Varioccele, Small Parts or Weakness of any nature in the Nerves or Sexual Organs, to send their names and receive a five days' treatment. This will prove the wonderful citalizing powers of "CALPHOS." After using it five days the softerers will find new vigor in their organs, new force in their muscles, new blood in their organs, new force in their muscles, new blood in their vins, new ambition, and rapid progress toward the buoyant feelings and sensations of younger days.

This it eral free offer is genuine. There is no swindling C.O.D. or Deposit Scheme connected with it. The five days' treatment is sent by scaled mult to all on request, wrapped in a plain package, and full printed instructions accompany the medicine, so that each patient becomes his own doctor and cures himself at home.

It doesn't make any difference what caused the weak-

The Von Mohl Company treats all correspondence in perfect confidence. Under no conditions will it make public the names of the thousands who have written tes-timonials telling of their restoration to robust manhood timonials telling of their restoration to robust manhood after other medicines and appliances have proved worthless. "CALTHOS" is regularly used in the French and German armies, and the soldiers in those countries have come to be perfect models of strength and vitality. Cures are effected at all ages from twenty to eighty years. There is no case (except where the stage of epilepsy or insanity has been reached) which it will not radically, quickly and permanently cure. Sexual weakness does not cure itself. It grows worse from week to week. Each day aggravates the mental and physical anguish.

has been reached, which it will not radically, quickly and permanently cure. Sexual weakness does not cure itself, it grows worse from week to week. Each day aggravates the mental and physical anguish.

Send today for the free five days' trial treatment. If it he's you, more of the medicine can be purchased. If it does not nelp, no harm is done and no 1. oney has been paid out. You can send your name in the full knowledge that it will be kept from all. The "CALTHOS" department of our business trictly confidential. Address applications for trial treatment, etc., to

No Experiments Or Failures.

Corner 12th and F Streets,

Known to This Community by Years of Tests as A Doctor Who Cures Disease.

For years I.r. Young has conducted in this city the largest fractice ever snown in medical his-tory. The people know had respect him. Ha fame has green in the strong light of initimary and permanency. Medical presenters of every va-ticity have come and goin—passed in the night, mable to endure the monoday sun of acquired-ance. But with time and intimacy the fame of Dr. Young groups afromes.

This literal free offer is genuine. There is no swindling C.O.D. or Deposit Scheme connected with it. The five
days' treatment is sent by scaled mail to all on request,
wrapped in a plain package, and full printed instructions
accompany the medicine, so that each patient becomes
his own doctor and cures himself at home.

It doesn't make any difference what caused the weakness—whether bad habits in youth, or excess, or overwork, or business treables. "CALTHOS" will effect a
cure, no matter what big name the disease may be called
by doctors.

The You Mohl Company treats all converged.

Wednesday and Saturday evenings, from 7 to 8
